### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the change and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 10-13 are canceled.

**Claim 1** (currently amended), line 12, "the second trench" should be ~~the second~~ parallel trench-- , line 20, "each first trench, each second trench" should be ~~each first~~ parallel trench, each second parallel trench--

### REASONS FOR ALLOWANCE

2. Claims 1-9, 14-19 are allowed.

3. The following is an examiner's statement of reasons for allowance: None of the references of record teaches or suggests as cited in claims 1, 14: A method for forming in monolithic form a DRAM type memory, including the steps of: forming, on a single-crystal semiconductor substrate, parallel strips including a lower insulating layer, a strongly-conductive layer, a single-crystal semiconductor layer, and an upper insulating layer; forming, perpendicular to the parallel strips, in the upper insulating layer and in at least a portion of the single-crystal semiconductor layer, first and second parallel trenches, each of the first and second parallel trenches being shared by neighboring cells; forming, in each of the first parallel trenches, a first conductive line according to a strip width; forming, in each of the second parallel trenches, a pair of second distinct parallel conductive line, insulated from layers peripheral to the second parallel trenches;

filling the first and second parallel trenches with an insulating material; removing the remaining portions of the upper insulating layer; and depositing a conductive layer, wherein the first and second parallel trenches are formed in the upper insulating layer and at least a portion of the single-crystal semiconductor layer so that the first parallel trenches have a minimum width, and the second parallel trenches have a width which is twice that of the first parallel trenches, two neighboring parallel trenches being separated by a minimum interval, each first trench being surround with two second parallel trenches and each second trench being surrounded with two first parallel trenches.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
